1. All former Junkers employees living in Oranienbaum (E26) and Raguin (E15) were ordered to report at the Dessau Komendatura in late January. A number of engineers left Dessau in late January for an unknown destination. Police in Dessau have stated that additional deportations of specialists from Dessau, Wolfen (E14), and Bitterfeld are scheduled for 18 February and 3 March.
2. Families of Junkers personnel now living in Kimry are said to receive an average salary of 300 rubles, presumably per month. Three families are required to share one three-room apartment and a single kitchen. Food supplies are obtained from cooperatives in exchange for stamps which are charged against the salaries. No teachers are available, and some children over twelve are working in factories.
